Writing

ANSWER SHEET

The Art of Time.

I would like to propose my ideas on the events that I think ~~could~~ be held at the local festival in Pskov.

In my opinion, the first event should represent the past of the town. Actors dressed in old costumes should give a stage performance which will tell viewers about famous artists, writers and other important people who lived in Pskov in the past.

As the second event, I recommend organising a market where talented masters who live in Pskov at the present moment could sell their crafts: handmade pottery, paintings, ~~and~~ clothes and food. And in the end, there could be ~~organised~~ held a competition where local people could offer their ideas on ~~future~~ projects that may help to develop cultural acknowledgement of citizens in the future. They might suggest making a monument, opening a new museum or a library. The person who offers the best idea may receive a grant.

All of these events will show how the past, present and future of Pskov are connected by the culture and art of local people.

These actions may be beneficial for the citizens of the town as they will have the chance to learn more about the past of Pskov and contribute to the future cultural life of their town. Also the market will support local businesses and talented local people who sell their craft.

To sum it up, I hope my ideas will be of help as they could be beneficial for ~~the~~ the cultural life of the town.
