ANSWER SHEET

Past, present and future
of Pskov

Honorable council,
it is a pleasure for us, the club of young leaders, to provide such attractions as this festival. History of our city is indeed a very interesting topic and we will try our best to host the best event possible. For that reason, our team and I came up with three different entertainment ideas that would help us make the show perfect.

First out of the three events we present is making an alley themed as medieval Pskov and providing a stage for musicians to sing and play. Surrounding area with craftsmen and traders will make the scenery very interesting. From that alley you could walk to the second attraction — a newer street demonstrating the architecture of the present times, freshly designed shops and large LED screens. It would show the evolution of our town, and there can be a laser show in the middle. For the third one guests would be given virtual reality headsets through which they will be seeing the third event: different shows, large scy scrapers and holograms. Connection between three places will show visitors how greatly Pskov has improved.

and will continue doing so.

In conclusion, making such events during the festival would be very pleasant for citizens as it would be a great place to spend time, find friends and have fun. Shows can raise patriotic feelings which is always good.

With hopes that the idea would be adopted,
Gregory
